

Innovation Days, November 5-7th
Stationsgatan 23 Uppsala, Sweden

*Innovation 360 – from ideation to large scale Automation
Products, Processes and Production*

You are cordially invited!

Welcome to a day packed with the latest technologies in Precise Motion Control, Adaptive Manufacturing and Robotics.

The experts and guest speakers will take you through the steps from innovation, through R&D, product design and large-scale production.

By integrating the right technology in your product, and design the production methods, the product and production will not only be better and more efficient, but also vastly reduce time to market.

Meet the team!

High precision Automation,
Piezo technology and Control systems

A member of the ABB Group

Adaptive Manufacturing solutions,
AI powered Vision, PLC, Motion

Industrial Robots, Factory simulation,
AGV, control systems

Good to know

The Event takes place at Acuvi's premises in Juvelen, Stationsgatan 23 Uppsala, 25 min from Stockholm Arlanda Airport and next to Uppsala Central station

For accommodation we recommend:

- Hotel Elite Academia
- Radisson Blu Hotel Uppsala
- Clarion Collection Hotel

Specialist
B&R

Lazaros Patsakas
Global Segment
Manager, Medical
Device Assembly
B&R

Tuesday November 5th

- 16:00 Meet & Greet
Drinks
- 18:00 Reception Dinner

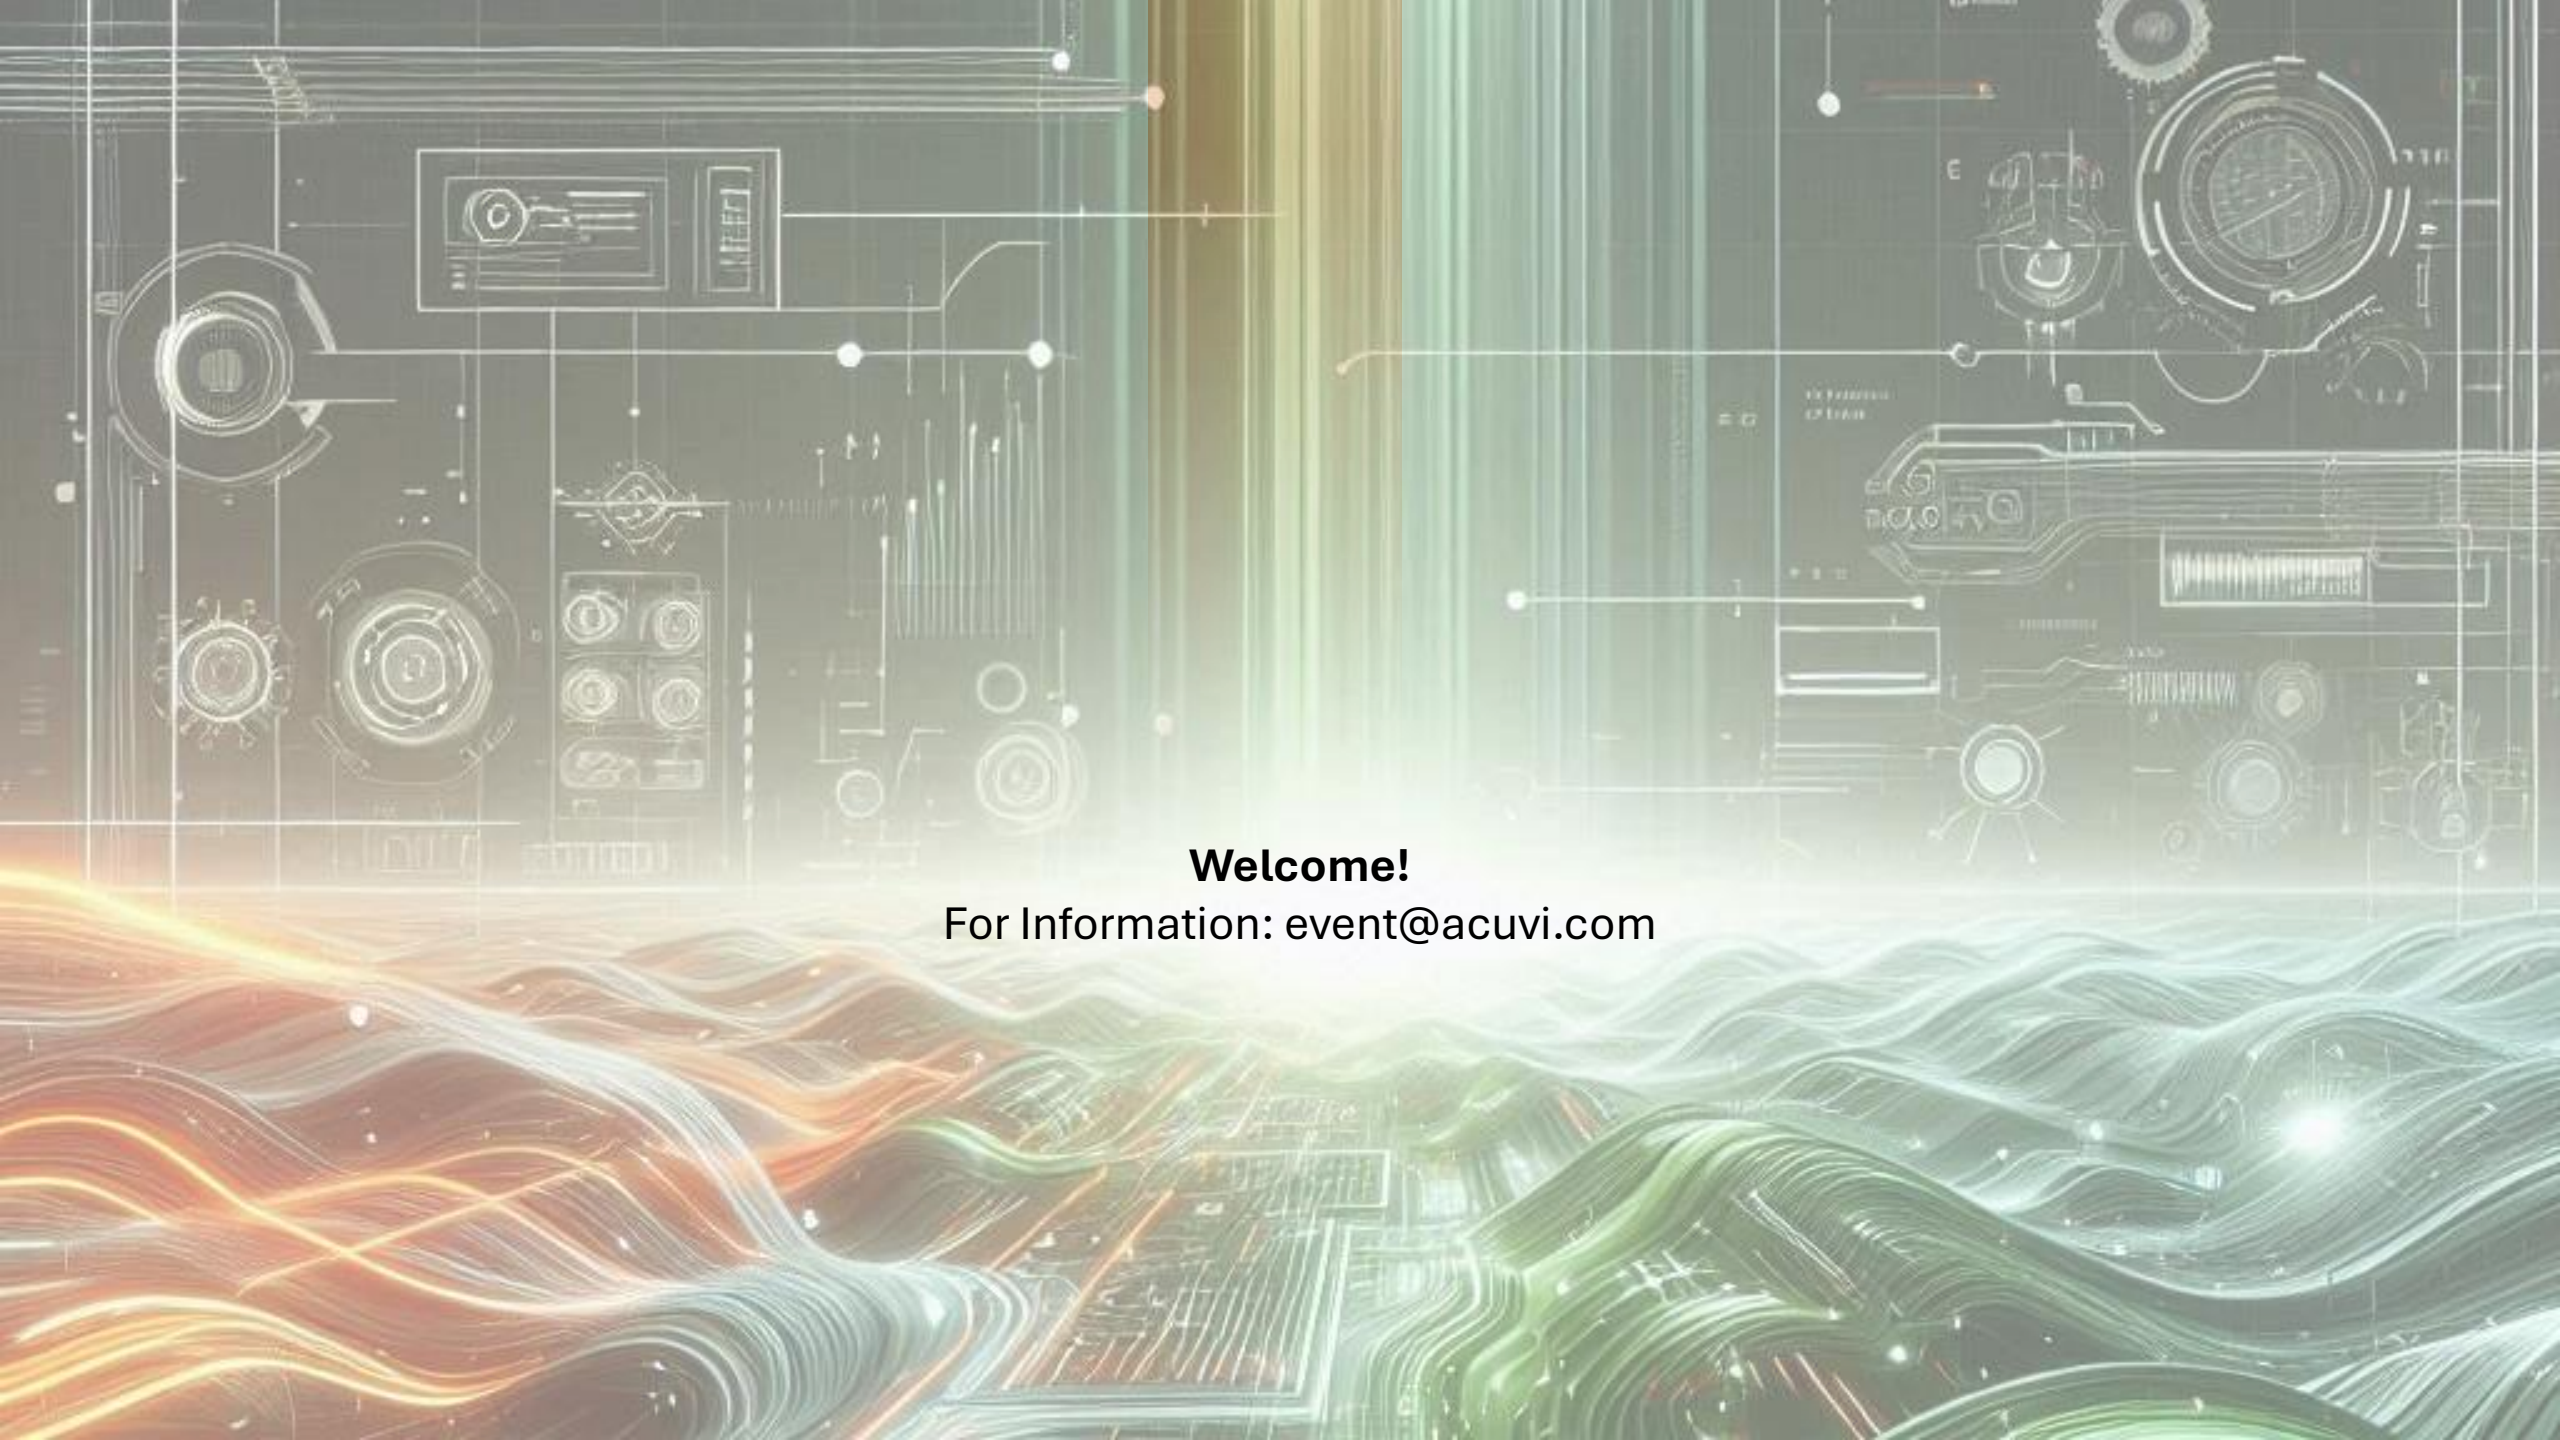

Wednesday November 6th

- 09:00 Welcome – Innovation 360
- 09:15 Strategic Innovation –
Gunnar Storfeldt
- 09:45 Nanometer Presentation
- 10:30 Demonstrations
- 12:00 Lunch
- 13:00 Innovation Speech –
Patric Griss
- 13:30 Adaptive Manufacturing
- 14:00 AI-powered Machine Vision
- 14:30 Demonstrations
- 16:00 Development 360
- 16:15 ABB Factory Automation
- 17:00 Closing

Thursday November 7th
(voluntary)

- 09:00 Day Reserved for
meetings at Acuvi
- 16:00 Event Close

Welcome!
